- **Express the opinions to teachers**
- **Assignment: Speech**
- **Job---photographer**
- How to appreciate life
  - pay more attention to my surroundings in order to create prominent works
  - Find beauty in the more unlikely places if you slow down and take a closer look---eg: ordinary manhole cover looks like a cute funny face, if you shoot from certain angle
- Bring me closer to the nature
  - I a bit of shut-in(孤独的)
- ✚ If I become the photographer---would spend most time in park taking photos/ discovering the novelties
- **Suggestion: child starting school**
- Take notes during the class
  - obviously not remember everything, especially child, taking note---method---review the gists of the course
  - say: require students to deal with mathematic issues using formulas
    - could not recite all the formulas, if take note, directly help to figure out the problems.
- Concentrate on class

Since most essential principle and example in class,  
If not, easily get into the stack doing homework/ and would definitely influence  
the next class of sequential chapter.  
Like during the biology class, if not comprehend the function of stomach in first  
class---be hard for you when the next day digestive system.

- **Taught handwriting**
- Would assist them to learn the culture of their country  
Every word evolved through plenty of variation and years,  
In such case, could directly realize and experience the, since know the each  
component of the words/ their meaning
- **Impact of Sleeping to peoples' live**
- Reduce the efficiency of studying  
If have good sleep/ enough sleep---sleepy and exhausted all day  
---In such case, not focus on /pay attention to any thing  
eg: study literature---recite all the writers/history /background information about  
character
- Would cause negative effect to physics  
Researches show that---if not  
---people bad emotion/memory get worse/ reduce their immune system

- Meet interesting people in the book club  
talk about the great book with people(are not close to me)---get fresh  
perspectives learning form a different social network
- Some books need to be discussed  
Particular difficult books demand discussion  
Also would be introduced other books that I wouldn't read
- **Building gym (学校)**
- Be able to work inside  
Eg: playing badminton would easily be disrupted by the improper weather, like  
windy or snowy,  
 If gym---play whatever the weather conditions are
- Could work out any time  
Eg: I habit of staying late at library---if gym--- I could exercise after all my  
works are done

- Activities would be less intense--- would not easily get injured
- **Library assistant**
  - I'm good at sort or organize the things(most people find it boring )  
Also important work--- be convenience for people find books
  - I could read or study when I'm not occupied  
The working environment is quiet and relaxing
- **Internet**
  - Promote the efficiency of studying  
As a international students--- be plenty of research to accomplish which demand to find materials  
If internet---use search engine, eg: google/baidu/ Wikipedia , which only need to type several key words--- huge number of information
  - Convenient for daily life  
We could shop online, buy all we can think of online these days  
---easy to compare the prices and get products delivered to our doorstep which save time
  - Communication more affordable
- **Traveling in one place**
  - Eg: last year join a tourist group---lots of place in a few days---exhausted and stressful
  - 🗺️ If one place---could be nice and relaxing, since more time to explore the surroundings
- **Looking around on the way(traveling)**
  - Journey is the reward  
Driving form one city to another, pass so many towns which have unique qualities  
Tasting different food, listen to different dialects and seeing different landscape
  - Boring to aim for my destination without stopping  
Would miss all the fun  
Stop---get chance to take a break
- **Live close to parent**

- Take care of each other more easily  
Eg: when I get super busy toward the end of the semester---mom could cook meals, which would assist me to save much time--- pay more attention to the study
- Could help them when they need me  
Eg: my parent prefer to shop on the weekend when there would be too heavy for them to carry  
If I live close to them--- help them and even during the snow storm--- shovel the snow
- **People live healthier**
- Varieties to choose  
Since the advanced agriculture and transportation technology  
 When I was little--- fruits we could buy during winter were extremely limited
- Medical care improved beyond our imagination  
Plenty of diseases could be cured thanks to the modern medical research and facility.
- **Live in a large house with others**
- More economical  
As a international student--- do not have much budget  
Could split the expense of food/ rent/ facilities  
Could carpool in the morning
- Would be fun  
Could have party every weekend without going to a bar/ watching movies toger
- **Listening to music at work**
- Assist to stay calm and focus  
Majority would be productive when listen to music, since it would help people to block the distraction emerged in the working place
- More efficient to finish boring tasks  
Clearing out the email or sorting out a big spreadsheet
- **(Disagree)Parent should not allow their children to participate sports in order to protect**
- the benefit emerge from playing the sports would be much greater  
will have more energy and get a sense of achievement  
majority of sports demand team work---learn the sense of responsibility
- small injured is not a big deal

very few of my friend fall behind class because of the injury

- **Friend(Tom)**
- never feel boring with him  
love telling jokes and silly face to make people laugh  
a dinner or a party is full of funny when he's around
- is the guy take to and get advice from  
eg: I though whether staying for a year before college would be benefit  
he really supportive/ explain the advantages and experience
- **news**  
eg: a girl run over by a van and within 7min, 18 people walked by without giving a hand  
Finally, a scavenger saved her
- shows---our society is apathetic/ people would not be willing to help each others  
this news sparked plenty of discussion on the internet to arouse the sense of concerning among the people and increase the public awareness of an issue that we gradually losing our virtue
- **teacher pay higher**
- promote the quality of education  
if high salary---teacher would be more motivated, which means pay more attention/ be more concern about students
- teachers always have to be concern about extra things of students  
in order to let all the students have a positive development--- teachers would not only care about their academic course but also their daily life  
eg: students' emotion changes, their healthy conditions or even what they eat are healthy
- **study in morning**
- more efficient  
full of energy/ mind well be freshed  
---collect my thought easily  
eg: I could finish homework/ reviewing for the following exams  
which would never delay
- flexible  
in morning--- make a schedule/set up agenda/ make a check-list for whole day tasks

eg: doing morning reading first and then recite the vocabulary

- **good manner**
- avoid causing misunderstanding  
as an international student---important  
---since different countries---different culture  
eg: not making a phone call during the group studying/ playing the video games  
when others are having the meal
- blend in the society  
if know the manner---not offend
  
- **old experienced professor**
- more experienced  
more perspectives/ realize the issues of students  
eg: math problem  
if old/experienced professor--- not only solution but also several efficient method
- extensive social network  
if internship--- ask professor---may be already has some program/ provide  
recommendation to well-know established company
  
- **study in quiet place**
- if quiet place---not be distracted by noises(like, laughing/taking/phone ring )  
---completely focus on/ more productivity
- quite place would be library  
which means proper ambience of study  
convenient for people find materials
  
- **buy a book**
- if borrow---carry it extremely carefully--- avoid cause any damage  
since if books are broken or missing pages---buy it  
in such case--- convenient to buy
- I prefer to do some note or highlighting on the books---protrude the essential  
sentences or articles
- 📌 If borrow--- influence my efficiency of study
  
- **Keep a dog**

- Good company  
Nowadays people are really busy with their tasks  
---most time we would alone  
if pet--- not feel boring or tedious  
since play with them or even take a walk together
- Learn responsibility  
Feed them/ take them for walk /and also get sick, bring them to the hospital
- **Artists need to be talented**
- Inspiration is intuitive  
People(artistic talent) have unique perspectives about the world  
Which not be cultivated  
Eg: for talented people---consider sky as a kingdom or some impressive figures  
 For normal people---just several clouds/ a sun/ a sunny day
- **Cooking course**
- Balance diet  
If participate--- know the each ingredient of the food--- realize which is healthy/  
unhealthy  
---assist keep healthy lifestyle/ avoid obesity
- Save money  
For international student(not much money)---eating at school be expensive  
If cook--- instead of dinning out
- **(Disagree)Watching sports program on TV is not a good use of time**
- ideal way to relax ourselves  
as an international students--- be burdened with plenty of assignment or  
encounter some fuss  
I prefer to watching--- devote into the game (which allow to forget the troubles)  
in order to have positive emotion
- big fan of soccer and also I paly the soccer  
if watch--- assist me to improve my skill of playing soccer
- **an piece of art**
- Mona Lisa--- talented painter ---Leonardo da Vinci  
Is the representative of Renaissance  
Show a woman with a mysterious smile  
Why mysterious?

Since people discover that when we watch that smile from different angle--- would different emotion, like sometimes happy/ sad

- **Extra money(save it)**
- Deal with some emergencies  
Sometimes break or even lose our textbooks--- a huge amount of money to replace it  
/ losing the cell phone(necessity of daily life)  
if save--- it would not cause any trouble to our life
- Promote the quality  
If deposit--- after a certain term--- enough money to buy a big house/ a nice/ to take course we interested in
  
- **A style of clothing (causal way)**
- T-shirt/jeans/ sneakers  
---which would be convenient and comfortable for me to play sports  
since it would not limit any physical motion  
---which some time could be dangerous
  
- **Art skill(talent)**
- Eg: Leonardo da Vinci(created Mona Lisa) left great impression / influenced the aesthetics of entire society from generation to generation
- Produce more value and gain the reputation  
Eg: famous painter(choose Chinese water-color paint) would worth thousands of dollars  
---which promote the quality of life  
obtain highly reputation--- since equipped with art talent
  
- **Celebrate with friends**
- More impressive  
Get together to have party/dance/ play some cards games/separate the birthday cake toger
- Create an ideal chance to meet some old friends  
Since only in this way could be a perfect reason to assemble them
  
- **Subject that I would not enjoy(Latin language)**

- It require people to pronounce by vibrating the tongue ---witch hard for all the Chinese people  
Unlike, studying French--- much easier--- since only have to vibrate the vocal cord
- The countries(speak Latin) far away form the China/ hardly have a friend who speak latin  
---useless and wasting time

- **Participate the sports**

- Learn the responsibility  
Since everybody is eager to win, no one want to be the loser  
---scheme the plan/ corporate well with each other---in order to kick the ball into the goal
- Great chance to release the pressure  
Devote myself into the game--- forget the fuss emerged in the school or about the assignment  
---regulate my emotion

- **Give assignment by e-mail**

- Avoid some misunderstanding  
Since could elaborate every details and the requirements or even make a list in the e-mail--- like every assignments' due day/ the certain format of the essay/ the main topic of some representation  
--- which would be perspicuous
- It would be convenient for student  
even though some students may forget their tasks---check and review whenever or wherever they are, using the lap top or even the cell phone

- **Wide use of robots**

- Advantages  
Application of robots throughout the manufacture---directly promote the productivity / the precision of high technological products, like the cell phone/ mechanical watch  
Robots replacing the human beings would tremendously diminish the cost of the employment--- only pay for the expenditure of electricity
- Disadvantage  
Excessively using the robots --- high unemployment rate  
---which may cause chaos in the country

- **Reading in one setting**
- If a few pages each time---inefficient  
Easily forget the preceding plots---which means have to review the passage every time before I start to read  
---could not understand the books or the articles thoroughly
- As an international students---hardly have time to read everyday  
Since plenty of assignments to do during the week days  
---only time we could read is the weekends
- **Music like most(pop)**
- Easy to understand  
Lyric would be really perspicuous--- which means it just narrate a story /an emotion--- could be directly comprehend by everyone
- If classic music--- it would be difficult for people(do not have artistic talent) to know the emotion involved in it/ why he/she composed
- I would prefer---during the sports game  
Since it feel like that pop music could provide energy/ exhilarate people
- **(Agree)Government should spend money on projects to encourage citizens to live a healthy life style**
- reduce the rate of obesity  
people obtain the knowledge of the ingredients of the food  
which means--- know which is healthy and which isn't  
--- avoid the high calorie food, eg: French fries/hamburger
- obviously people would be more healthy ---especially for children--- it would promote the development of brain and immune system
- **(Disagree)allow students to keep pet in dorm**
- as an international student--- buy the book/ transportation/ hosing fee  
if keep pet, say a dog--- budget be add up  
since purchase the dog food/ cloth--- avoiding them get sick
- concerning about the variety virus carried by the dog--- be dangerous--- especially woman  
for lead to infertility  
my roomie(neat freak)--- be crazy ---if bring a dog
- **(Agree)neighbors in small places are more willing to help others than**

**neighbors in larger cities**

- say small town---easily meet an old friend on the street/ or if look around your teacher or best friend may be your neighbor  
which convenient to develop the intimate relationship with others---eg: keeping the dog or cleaning the room during their business trip
- you know, people(moved to big city)--- are amid to achieve their goals  
--- less opportunities to chat or even talk to each other  
the grim ambience may be spread through the city  
they even don't know the name of their neighbors after several years

• **building city park**

- ideal place for people to relax  
eg: taking a walk/ doing exercise/ reading the books under the shadow of the trees
- beautify the environment  
we are surrounded by plenty of concrete buildings  
--- which inanimate ambience  
if park--- city would be colorized / full of vigor

- high salary but far from home

• **a most important characteristics of a good apartment**

- the location
- as an international students--- hardly have time to go for the long distance  
--- if convenient place, eg: surrounding by the restaurants, supermarks or even shopping malls --- just need to go down--- and would buy all the things we need  
choose the place near the school  
since if live far from the campus---be wasting time on the way / could be late for class
